B. Selected peer-reviewed publications (in chronological order). Do not include publications submitted or in preparation.

- 1) Bailit, HL., **Bailit, JL** . Corporate control of health care: Impact on medicine and dentistry. The Journal of Dental Education. 1988; 52; 1:108-13.
- 2) **Bailit, J.**, Neerhoff, M. Diagnosis and management of pheochromocytoma in pregnancy : A case report. American Journal of Perinatology. 1998, 15; 4: 259-62.
- 3) **Bailit, JL.**, Dooley, S., Peaceman, A. Risk adjustment for interhospital comparison of primary cesarean delivery rates. Obstetrics and Gynecology 1999, 93; 6: 1025-30.
- 4) **Bailit, JL**, Downs, SM, Thorp, JM. Reducing the cesarean delivery risk in elective inductions of labor: a decision analysis. Paediatric and Perinatal Epidemiology 2002, 16;1:90-96.
- 5) **Bailit JL**, Garrett JM, Miller WC, McMahon MJ, Cefalo RC, Do primary cesarean delivery rates correlate with rates of poor neonatal outcomes. American Journal of Obstetrics and Gynecology 2002, 187; 3: 721-727.
- 6) Kaufman, KE, **Bailit JL**, Grobman, W, Elective induction: An analysis of economic and health consequences. American Journal of Obstetrics and Gynecology. 2002, 187;4: 858-863.
- 7) **Bailit J**, Garrett J. Comparison of risk-adjustment methodologies. Obstet Gynecol 2003; 102:45-51.

C. Research Support. List selected ongoing or completed (during the last three years) research projects (federal and non-federal support). Begin with the projects that are most relevant to the research proposed in this application. Briefly indicate the overall goals of the projects and responsibilities of principal investigator identified above.

ONGOING

K12: HD98004 Catalano (PI)

8/02-8/07

NIH/NICHD

Women's Reproductive Health Research (WRHR) Career Development Program

The major goal of this project is career development in the field of women's health. I am one of two WRHR scholars at MetroHealth Medical Center, Case Western Reserve University. The PI on the grant is the Chair of the OB/GYN department.

Role: Scholar

COMPLETED

Bailit, JL (PI)

Warren H. Pearse/Wyeth-Ayerst Pharmaceuticals Women's Health Policy Research Award. 7/01-6/02 "Comparison of Risk-Adjustment Methodologies for Cesarean Delivery Rates"

The goal of this project was to compare two published methods of cesarean rate risk- adjustment methodologies to determine if they ranked hospitals similarly and to explore the strengths and weaknesses of each method.

Role PI
